OVERLAND

Husker Genetics OVERLAND Brand (NEO1643) - Husker Genetics OVERLAND Brand is an awned, white-glumed, semi-dwarf wheat cultivar. The mature plant height of Overland is approximately 33 inches. It has good straw strength. The winter hardiness is good to very good. Overland is moderately susceptible to stem rust but resistant to the most prevalent race of stem rust. It is moderately resistant to leaf rust, stripe rust, and Hessian fly. Overland also is more tolerant to Fusarium head blight than many widely grown lines. It is susceptible to wheat soilborne mosaic virus, barley yellow dwarf virus, and wheat streak mosaic virus. Overland was developed cooperatively by the Nebraska Agricultural Experiment Station and the USDA-ARS. Non-complementary varieties include Arapahoe, Millennium, Niobrara, and Wahoo. U.S. Protected Variety (PVPA 1994). Certificate No. 200700333. Husker Genetics OVERLAND Brand can only be sold as a class of certified seed.
